Colby SGA Formal Minutes  
*All minutes are paraphrased*  
Absent: Jackson Rockett, Kimanie Brown

I. **Motions**

As it was the last formal meeting of the semester, the SGA body went over a lot of proposed motions and voted on them. All of these motions passed unanimously. They are listed below.

I. **SGA Liaison Position**

This motion serves to create a pilot program in which SGA would designate new liaisons. This motion is a continuation of SGA’s efforts to extend the conversation to groups who have been continuously left out. These liaisons will be able to facilitate programming that is distinct from SGA, but also promotes interconnectedness with SGA and their respective organisation.

II. **Motion for Hybrid Formal/Informal Meetings**

This motion allows the Parliamentarian to declare a hybrid informal/formal meeting in response to emergencies. This would allow for voting on motions as well.

III. **Motion for Creating an SGA Moodle Page**

This motion proposes to create an SGA Moodle Page with the intention of allowing the student body to access it if they need help.

IV. **Motion to Change Chairs of Traditions Committee**

This motion proposes to change the chairs of the Traditions Committee to two members of the Senior Class President’s Council rather than just the two Senior Class Co-Presidents.

V. **Motion to Add Amendment: Added Role of the OCOC**

This motion adds an amendment to the SGA Constitution, specifically the language about the OCOC. By adding a more specific role to the Constitution, the OCOC is now better able to facilitate its duties.
VI. *Creation of the SGA DEI Committee and General Committee Guidelines*

This motion serves to formally recognize the SGA DEI Committee as a distinct entity from the pre-existing college committee. Additionally, this motion also serves to clarify guidelines for selecting student members to committees. By expanding the diversity of each group, it will allow for a broader range of perspectives to be heard on committees.
