

RESOLUTION ON WINTER STREET PARTY

Motion: Approve the following resolution signifying that SGA does not condone the actions of its former members who attended the April 24th party on Winter Street and supports the College's disciplinary sanction that removed aforementioned students from leadership positions.

As a condition of the College's disciplinary sanctions related to the events on Winter Street on April 24th, multiple members of SGA have been removed from their positions as student representatives. The Student Government Association supports this sanction and wishes to remind all student leaders of their role in our community. Prior to taking office, all members of SGA sign the Code of Ethics committing themselves to maintaining "the integrity of SGA" and honoring "the prestige of the office" that they hold. Unfortunately, these individuals failed to abide by their commitment to this Association and to the student body as a whole.
